

Accounting

Disciplinary Major or Minor (<http://catalog.uwgb.edu/archive/2015-2016/undergraduate/planning/disciplinary-majors-minors>)
(Bachelor of Business Administration)

Associate Professors – James Doering (chair), James Loebel, Steven Muzatko

Lecturers – Pat Albers, Heather Kaminiski

Accounting at UW-Green Bay provides both in-depth knowledge and the broad business background necessary to understand the role of accounting in the business world.

Graduates are qualified to take professional accounting examinations, including the CPA* (Certified Public Accountant), CMA (Certified Management Accountant), and CIA (Certified Internal Auditing) examinations. Alumni surveys indicate that alumni perceive the Accounting program very favorably, their program of study prepared them extremely well for their careers, the quality of the Accounting faculty is "excellent," and they would recommend the program to others.

More than 90 percent of UW-Green Bay Accounting graduates typically find employment in their chosen careers or enter graduate programs within six months of graduation. Accounting graduates have secured careers in the fields of public accounting, industry and government, and with the Internal Revenue Service, to name a few.

The program provides considerable exposure to the liberal arts and develops the critical thinking, problem-solving, interpersonal, communication, quantitative, and computer skills needed by graduates to successfully serve as leaders within modern organizations. The program also addresses contemporary organizational issues, such as the role of accounting in continuous quality improvement, implementation of computer technology and advances in accounting information systems and accounting ethics.

The Accounting curriculum is a rigorous, problem-focused program comprised of three integrated elements: supporting, core, and major courses. The supporting and core courses provide breadth and introduce each student to the foundations of business knowledge, including communications, economics, statistics, computers, accounting, finance, management and marketing. The major courses provide depth and prepare each Accounting student thoroughly for a professional career. Through the breadth of business classes required for an Accounting major, students automatically complete a Business Administration minor.

Accounting students have extensive opportunities to meet business professionals and gain practical experience. An active Accounting student organization supports these efforts and helps students to meet others with like interests. Faculty members encourage participation in the internship program, through which students learn and earn credits while working in real business settings. Each spring semester, the VITA (Volunteer Income Tax Assistance) program is offered for credit where students train using an IRS program and assist in tax return preparation for elderly and low income tax payers from the community.

Entrance and Exit Requirements

Students can declare an Accounting major or minor at any time with any number of credits. Prior to doing so, however, students must read and accept an online Honor Code (<https://sis.uwgb.edu/ngforms/?formid=9ea6ed5f-44fb-41e5-a94c-10c7f63f4b05&Clear=Y>) (pre-declaration form). Once the honor code is received and accepted by the Cofrin School of Business, students interested in an Accounting major or minor may complete a Declaration of Major/Minor/Certificate e-form (<http://www.uwgb.edu/registrar/forms>) . All Accounting major or minor Declaration of Major/Minor/Certificate e-forms should be emailed to Bus-school-eforms@uwgb.edu rather than to a specific adviser. All students majoring in accounting must file both an Accounting major and a Business Administration minor Declaration of Major/Minor/Certificate e-form (<http://www.uwgb.edu/registrar/forms>) .

Students must maintain a cumulative GPA of 2.5 to proceed in the course progression for an Accounting major or minor. All students must meet Accounting's exit requirement to graduate with an Accounting major. Students intending to graduate with this major must have a minimum 2.5 cumulative grade point average.

*150 Credit-Hour CPA Exam Requirement

Students should be aware that the state of Wisconsin requires 120 college credit hours to write the Uniform CPA Exam, while 150 college credit hours are required to become a licensed CPA in Wisconsin. The UW-Green Bay Accounting program is designed so that students with Accounting majors will have several options to earn the credits required for the CPA exam and become licensed as a CPA. An Accounting adviser assists each student in determining which option best meets his or her interests.

In addition to the requirements for the major or minor, it is highly recommended that Accounting students also take

ACCTG 303, Seminar in Accounting Professionalism.

This disciplinary major also requires:

Completion of an interdisciplinary major or minor (<http://catalog.uwgb.edu/archive/2015-2016/undergraduate/planning/interdisciplinary-majors-minors>)

Please note that by completing all requirements for the Accounting major, students automatically complete the interdisciplinary Business Administration minor.

- Accounting Major (<http://catalog.uwgb.edu/archive/2015-2016/undergraduate/programs/accounting/major>)

This disciplinary minor also requires:

Completion of an interdisciplinary major (<http://catalog.uwgb.edu/archive/2015-2016/undergraduate/planning/interdisciplinary-majors-minors>)

- Accounting Minor (<http://catalog.uwgb.edu/archive/2015-2016/undergraduate/programs/accounting/minor>)

Courses

ACCTG 299. Travel Course. 1-4 Credits.

Travel courses are conducted to various parts of the world and are led by one or more faculty members. May be repeated to different locations.

P: cons of instr & prior trip arr & financial deposit.
