This major requires completion of one of the following areas of emphasis:

- Brain, Behavior and Health Emphasis (<http://catalog.uwgb.edu/archive/2019-2020/undergraduate/programs/psychology/major/brain-emphasis>)
- Development Emphasis (<http://catalog.uwgb.edu/archive/2019-2020/undergraduate/programs/psychology/major/development>)
- General Psychology Emphasis (<http://catalog.uwgb.edu/archive/2019-2020/undergraduate/programs/psychology/major/general-emphasis>)¹
- Mental Health Emphasis (<http://catalog.uwgb.edu/archive/2019-2020/undergraduate/programs/psychology/major/mentalhealth-emphasis>)

¹ If students do not select an emphasis, they will complete the General Emphasis. The General Emphasis is only for students who do not have an additional area of emphasis. If a student selects Mental Health, Development, or Brain/Behavior/Health, they will not be in the General Emphasis. Students can select two areas of emphasis, but the General Emphasis cannot be one of them.
