

University Testing Requirements

English/Writing and Mathematics Course Placement

In order to determine mathematics and English/Writing competency and appropriate course placement for students, the University uses the Wisconsin Mathematics Placement Test (WMPT) and the English portion of the American College Testing Program (ACT) or the Critical Reading (pre-2016 test) or Reading (post-2016 test) portion of the SAT.

The following students are required** to complete the WMPT and ACT or SAT requirement:

- all new freshmen;
- all transfers and re-entry students who have not satisfactorily completed a college-level course in Writing Foundations or mathematics;
- special students wishing to enroll in a Writing Foundations or mathematics courses;
- students wishing to be eligible for intercollegiate athletics (only the ACT is needed).

**UW-Green Bay does not require the ACT/SAT for Admissions purposes, but in order to enroll in a Writing Foundations course above WF 100, an ACT/SAT score is needed.

ACT Registration

Potential students interested in taking the ACT test should visit the ACT website at <http://www.actstudent.org/>.

UW-Green Bay is not a test site location; please check the website for test center locations nearest to your community. **Be sure you indicate UW-Green Bay (code number 4688) as an institution to receive your score report.** Materials to help review and prepare for the ACT test may be purchased in the Phoenix Bookstore on campus and elsewhere. For more information, call ACT at (319) 337-1270.

English/Writing Placement

ACT English scores or SAT Critical Reading scores (pre-2016 test) or Reading scores (post-2016 test) are used to determine if a student has satisfied UW-Green Bay's English/Writing competency requirement. The following cut-off scores are used to place students in the most appropriate course based on their current level of English/Writing performance.

All international students whose country of origin's primary language is not English will be placed into WF 164, First Year Writing for International Students. This course satisfies UW-Green Bay's WF 100 requirement. The exception to this would be International students who have an ACT English score of 25 or above, or an SAT Critical Reading score of 590 or above, or an SAT Reading score of 32 or above. WF 105 or WF 200 may also be required by major.

ACT English score: 24 or lower

OR

SAT Critical Reading score: 580 or lower OR SAT Reading score: 31 or lower

The student should complete WF 100 by the end of their second semester at UW-Green Bay. Students referred to WF 100 who feel they have been improperly placed have an additional option: the College Level Examination Program (CLEP) College Composition. Registration for CLEP exams can be made through Testing Services at UW-Green Bay. A passing score on the College Composition exam will earn three degree credits.

ACT English score: 25-31

OR

SAT Critical Reading score: 590-740 OR SAT Reading score: 32-38

The student is eligible to enroll in WF 105 or WF 200. Students should complete WF 105 or WF 200 by the end of their third semester at UW-Green Bay. (Students majoring in programs in the Cofrin School of Business take WF 200 in place of WF 105.)

ACT English score: 32 or higher

OR

SAT Critical Reading score: 750 or higher OR SAT Reading score: 39 or higher

These scores satisfy UW-Green Bay's English/Writing competency requirement. These scores also satisfy the WF 105 requirement for some majors and minors.

If you do NOT have an ACT or SAT score, you will be placed into WF 100.

Math Placement

The Wisconsin Mathematics Placement Test (WMPT) serves as the primary instrument for determining both mathematics competency and appropriate course placement for new freshmen and transfer students who have not successfully completed a college-level mathematics course. Information on costs and testing dates are available from the Office of Testing Services.

Students must meet with an adviser to learn their WMPT score and course placement. New freshmen will be advised at the time of their GBO registration session. Continuing, re-entry and transfer students should seek assistance from the Academic Advising Office.

Students classified as new freshmen who do not complete the WMPT will not be allowed to register for mathematics classes, or for courses with college-level mathematics as a prerequisite, during their first semester.

Students must complete the UW-Green Bay Mathematics Competency before the completion of 60 earned and in progress credits. Students who have not taken the WMPT and have not satisfactorily completed or transferred in a college-level mathematics course must enroll in MATH 94, MATH 99, PSYCH 205, BUS ADM 220, or MATH 100 depending on academic program. Students should consult with their advisor to determine the appropriate course.

Assessment of the Major Program

All students are required to participate in the assessment of their major program of study. The assessment may take the form of a comprehensive exam, in-course assignment, portfolio, survey, interview, or any other specified means of evaluating the quality and effectiveness of the academic program.
