

21st Century Skills

The Core Curriculum: 21st Century Skills Certificate provides graduates of Wisconsin's technical colleges with an accelerated pathway to complete UW-Green Bay's General Education requirements while strengthening the skills most valued in today's workplace. Designed specifically for AAS degree holders in business-related fields, this program integrates creativity, ethics, global awareness, and digital literacy into a cohesive, forward-looking learning experience.

Students must have an earned AAS in HRM, BUS MGMT, MKTG, or SCM from the WI Technical College System to enroll in this certificate program
